Use Capterra to find the best digital asset management (DAM) system for your business.

IntelligenceBank Marketing

[Visit Website](#)

by IntelligenceBank

★★★★★ (9 reviews)

IntelligenceBank's beautifully designed DAM makes it easy to share, control and keep track of digital assets and manage creative workflow. Starting at \$9/user/month - easily upload digital files in bulk, manage metadata and usage rights, download files in different sizes and formats and view usage analytics by user and file. Even email links to users and non registered users and collaborate using approval processes and creative markups. You can also completely customize platform's branding. [View Profile](#)
